

Ultra Pure Products, LLC

Process and Laboratory Equipment

**WATSON
MARLOW**

Watson-Marlow Pumps Group

- Watson-Marlow Bredel Peristaltic Pumps
- Accurate Dispensing
- Long Pump Life
- 5 Year Warranty
- Tubing and Load Sure Elements
- Wide range of flow rates 0.00 ml/min - 232 gpm
- Ideal for Pharmaceutical, Biotech and Cosmetic applications

**WATSON
MARLOW**
Flexicon

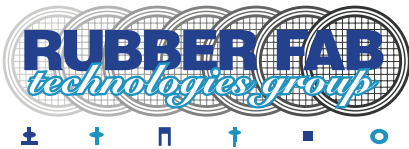

More Information:
www.WatsonMarlow.com

- Watson-Marlow Flexicon Liquid Filling Machines
- Table Top Units
- Semi-Automated Systems
- Fully Automated Systems
- Capping, Plugging & Crimping
- High Accuracy $\pm 0.5\%$
- No Cross Contamination
- Meets cGMP standards for Aseptic filling

SAINT-GOBAIN
PERFORMANCE PLASTICS

More Information:
www.Biopharm.Saint-Gobain.com

- High Purity Hoses (Reinforced Silicone, Teflon, EPDM, Viton, etc.)
- Wide variety of fittings
- High Purity Piping Systems in Polypropylene & PVDF
- Recirculating Goosenecks, Zero Dead Leg Valve & other fittings available
- Plastic tanks & mixing systems with custom fittings
- Sight gauges for inline and tank applications
- Pharmaceutical, Biotech and Medical Grade tubing including Tygon

RUBBER FAB
technologies group

± † ¶ ‡ ■ ○

- High Purity Hoses (Reinforced PVC, Silicone, Teflon, etc.)
- High Purity Gaskets (Silicone, Viton, EPDM, Tuf-Steel & Teflon Encapsulated)
- Stainless Steel Screen Gaskets
- Teflon & Polysulfone Sight Gauges
- Custom Gaskets with Specialty Materials
- Orifice Plates / Diffuser Gaskets / Biological Indicator Gaskets, etc.

mitos
technologies, inc.

- Free Flow Valves with High Purity Elements (ChemSure & StaPure)
- Available with Actuators
- Custom Bags for Fluid Applications
- SS End Caps with handles for easy removal
- Custom ChemSure & StaPure Elements with fittings

Ultra Pure Products, LLC

Process and Laboratory Equipment

- High Purity (USP Class VI) PTFE Hose Assemblies for Pharmaceutical, Biotech, Food & Beverage and Chemical Applications (Anti-static)
- Multiple Styles of Fittings Available with Flare Through Capability
- With Smooth Bore and Convuluted Teflon Material
- Unique Design Which Increases Flexibility in Hoses And Reduces Kinking
- Available with Multiple Covers Including SS Braided, EPDM, Silicone, Polypropylene, PVDF or Hastelloy Braid

A Leader in Clean Air Technology for the Pharmaceutical, Life Sciences and Research Industries

- Laminar Flow Hoods
- Softwall Cleanrooms
- Hepa Fan-Filter Units (2' x 2') & (2' x 4')
- Ulpa Fan-Filter Units (2' x 2') & (2' x 4')
- Custom Filtration Hoods

- Flexible Braided and Wire Reinforced Platinum Cured Silicone Tubing
- FDA and USP Class VI Compliant
- Variety of Stainless Steel Fittings Available

Sanitary Gaskets

- Multiple Styles Available Including: Tri-Clamp / I-Line / DIN / 150# ANSI Flange
- Multiple Materials Including: Platinum Cured Silicone, EPDM, Viton, Teflon Encapsulated, Tuf-Steel, Buna-N, etc.
- Screen Gaskets with Plastic & Stainless Steel Screens
- Custom Gaskets

Stainless Steel Process Equipment

Ideal for Pharmaceutical, Biotech and Cosmetic Industries

- Pumps
- Valves
- Fittings & Tubing in 304 or 316 s/s
- Gauges
- Sight Glasses
- Clamps
- Hangers
- Meets 3A Sanitary Finish
- Polished or Unpolished
